He earned a Bachelor of Architecture in 1986 and is a member of the American Institute of Architects. Patrick became initiated to the possibilities of the Web in 1996 as a result of his architectural firm's goal to innovate with new media. Pat was an excellent and innovative architect and was proud of his architectural accomplishments. He was excited about his work on the Bozeman High School renovation on which he'd been working for the past 2 years. His main passion in life outside of architecture was cycling. Initially, he was quiet and reserved when meeting people but once you got to know him had a sharp, dry wit. He had a kind heart and would go out of his way to show people that he cared.

He was preceded in death by both of his parents. He is survived by two brothers, Mike of Helena and Tim of Missoula; a niece, Erica Mercill and her husband, Forest of Seattle, WA; a nephew Blake Larum of San Jose, CA; fiancée, Erin McCready of Bozeman, numerous aunts, uncles, cousins, and friends.
