

Margaret passed away on Oct 31 after a long battle with multiple myeloma. She was a loving Mother, Grandmother, Daughter, Sister, and Aunt. She will be dearly missed. Although her immediate family was not able to spend much time with her in the last 10 years, she was always in our minds and hearts.

Margaret attended school in California and Townsend, Mt. She served with the Montana Job Corps and then the United States Air force. After her short time in the Air force she married Jim Mauger, together they brought into this world a beautiful little girl, Nichole. Moving back to Montana in the early 80's she gave birth to Angela who passed away only one day old.

Margaret was always smiling and was a friend to everyone. She enjoyed company, helping others less fortunate, and cheering up those that are sad or grieving. In 1994 she married Mark Pickrell in Belgrade Montana. Together they traveled the United States and Japan moving every few years. Seeing the world and traveling was something Margaret loved to do.

Preceding Margaret in death are her Grandparents, Dad, and lovely little Angela. She named her Angela as she was Margaret's little Angel.

Survivors are her Daughter Nichole Mauger, Grandson Harley, Mother Donna Brents, Brother George Brents, Sister Mary Brents, her Mother-In-Law Jan, a Nephew, several cousins, Aunts and her Uncle.

She will be missed by those of us that knew her as she was growing up. Watching her learn and grow and the love she had for her children. We know Margaret is in a better place and free of pain. We pray and rejoice knowing that her family in Heaven was there to meet her with open arms.

I will always see your face, the corner of your smile, and all the little things no one will ever know. Like it was yesterday it won't ever fade away. Goodbye is just a word I will never say. Sis, You will never be forgotten!
